PROFESSIONAL EXPERIENCE

McDonald's

Shift Manager | May 2020 - Present

- Exercised good judgment and decision-making in escalating concerns and resolving issues.
- Communicated company directives and programs to associates and ensured all follow-up items were completed accurately and in a timely manner.
- Trained employees on additional job positions to maintain coverage of roles.

Nyonya House

Senior waiter | April 2016 – May 2020

- Assisted with customer issues for servers, consistently upholding professionalism and calmness to maintain customer satisfaction.
- Coached incoming staff on the restaurant's practices, culture and procedures to maximize job satisfaction and productivity.

PROJECTS

Hitch | C#

- Implemented a car sharing service, allowing users to place their cars on the market and consumer to rent cars for the advertised price.
- My role consisted of overseeing the team's progress and planning accordingly to ensure our project met the deadline, maintained sprint document and implementing cloud services.

Prosperity Bank | C#

- Designed a simulated banking application with Deposit, Withdrawal, Scheduled payment and admin page
- Built web api to reduce complexity for logic centralisation between user and admin, while maintaining consistent business data

Level Up | Swift

- Developed a fitness app that provide user with essential tools to create their workout routine
- Designed the SQL database and modified the data retrieved from the REST API
